## Bates, Melvin Lead Local Cagers to Victories Over F.M.I. and W. Palm Beach

### Lakeland Quintet Defeats Rallying Trojans 52-50 in Scoring Fest

#### Next Game Here

By Marshall Wilkes  
St. Pete 41—F. M. I.—12  
On a second road trip within five days, the Trojan cagers journeyed to Haines City Tuesday for their second game and second victory over the soldiers of the Florida Military Institute.

After using every man on the roster, Coach P. D. Goodyear brought his boys back home with a 41-12 victory, a near repeat of the two teams three weeks ago in which the St. Pete squad tackled up their first scalp of their schedule by a 40-13 margin.

Placed by Jimmy Melvin, who led the offensive drive with five field goals, the locals were never threatened during the contest. At the half time, the Trojans scored 20 to 6 in favor of the Goodyearmen.

The entire Trojan team contributed in the scoring, and also in the defensive play, as they held the cadet marksmen to six field goals.

The game marked the third win for the Utopians in seven states and was their second successive win.

Following are resumes of the games against Southern College and West Palm Beach Junior college, played last week end.

TROJANS 47; W. P. B. 13

In the second and final game of their road trip last week-end, the fighting Trojan basketball team and decisively defeated the West Palm Beach Junior College quintet by a 47-13 score.

It was the first meeting of the two colleges in athletics, and the S. P. J. C. squad opened relations by smothering every scoring attack which the opponents attempted, while at the same time Chester Bates and his company of warriors more than tripled the opposing score.

Led by Bates, the sensational Ohio lad, the locals scored almost at will, at the same time using the entire nine men who made the trip.

Bates, with a total of twenty-four points, repeated his performance of the previous evening against Southern college by dominating the scoring scene, Jimmy Melvin and Bucky Hawk, with 9 and 8 respectively, and Moore, lanky center of the Palm Beach quintet with 8 tallies, were the other high scorers.

The win was the second victory in six starts for the St. Pete cagers, and terminated a four game losing streak.

J. C. 50; MOCCASINS 52

The Junior College cagers journeyed to Lakeland last Friday night for their second tilt with the strong and highly-favored Moccasins of Southern College.

With deep intentions of winning out the defeat which the Southerners handed them three weeks ago on the Mirror Lake court, the Trojans lost a heart-breaker by a bare two-point margin. The game ended with the Blue team trying desperately to overcome the scant lead, but the small difference was enough to give the opposition a

win. The game was a close one, with the Trojans leading for much of the contest, but the Southerners' defense was too strong for them.

Of course, he went on to say, "Football, basketball, baseball and track are the major sports, with tennis, swimming, fencing and polo included in the minor list. . . . And all sports contests are well-supported by the student body."

Bates stated that the intramural sports program of the university is a "decided success," with all scholastic fraternities taking part. He added, in part, that, "as nearly two-thirds of the male students are interfraternity members, and with a total enrollment of 11,000 students, one can get a fair idea of the large number taking part in the program."

Those provisions in the different sports derive a bit of honor from their efforts in addition to the fun and exercise involved," he added.

"The girls have the same advantages as have the males," Chester replied, in answer to a question concerning female athletics, "with all sororities having part in the competitive games."

## Golfers Plan Dual Matches

### Will Meet Rollins Tars Here March 7; Road Trips Planned

The golfers will open the season's schedule here on March 7 in a dual match with the Rollins cagers, according to an announcement made yesterday by Athletic Director Donald Denn.

Plans are nearly completed for meets with the Florida Gators in Gainesville on April 5, and the next day the Trojans will cross the state to DuPont to match their powers against the Stetson University Hatters.

Following this contest, they will journey to Winter Park for a second dual match with the Tars of Rollins on April 5.

The J. C. squad is practicing daily at the Sunset course on Snell Isle through the courtesy of Mr. W. D. Clark.

Wyman Hitehouse has been elected manager of the team and will attend to the transportation duties, and further correspondence in arranging matches.

He states that Miami U. is tentatively scheduled for a meet in the next few days.

Leading the swimming aspirants for the 1936 edition of the natatorium will be four returning lettermen, including: Walli Latham, Poe Herndon, Pete Dominick, and Doug Fenske.

The traveling squad of the tennis team will be composed of four men, while the home matches will include the top six players of the ladder.

Bucky Hawk, of the cage quintet, is also in the tennis lineup and in case of conflict between the two sports, he chooses to yield the racquet.

The Trojan cagers snapped out of their four game losing streak in fine fashion by sweeping West Palm Beach and the cadets of the Florida Military Institute by heavy margins.

Our ace cager, Chester Bates and Jimmy Melvin, deserve lots of credit for their fine work in the game. Chester, in two games, scored 46 points, while Jimmy, besides playing exceptional defensive ball, scored 23 tallies.

The golfers wish to acknowledge their appreciation to Mr. W. D. Clark of the Sunset Golf Course on Snell Isle for his kindness in granting them the use of the course for the season practice.

On college loyalty (directed to the Intramural board AND the students):

Last Saturday, after announcements and publicity, only ten men reported for two interclass basketball games. It was intended that the Juniors would play the winner of the sophomore-freshman tilt, but because of the lack of support, the result was ONE game—between the "Rats" and the upperclassmen. Yea! give us support!

Boys! but that tennis ladder is really hot! With challenges being made and matches played daily, there is action—plenty and lots of enthusiasm on the part of the ladder-men. Their desire is to reach within the top six positions, the varsity list.

We are proud of the showing that our golfer, Bill Knauer, made in the amateur section of the St. Petersburg Open last week. Bill finished fifth in a class by, by nosing out Babe Ruth, the golfing ex-baseball king.

Former Ohio State U. Student Favors Intra-Mural Program

Bates Keenly Interested in Sports Is First String Goodyearman

Among the many new students who have enrolled in the Junior College this semester, we have with us Chester Bates, a sophomore and well-versed athlete of Ohio State University in Columbus, Ohio.

Bates is keenly interested in sports, and is already a first-string player on the Trojan cage quintet, a year's experience on the Frosh quintet of the Ohio university.

Questioned recently concerning athletic activities of the northern university, Chester, not desiring publicity because of his past school experience, was rather slow in submitting an answer.

"Of course," he went on to say, "football, basketball, baseball and track are the major sports, with tennis, swimming, fencing and polo included in the minor list. . . . And all sports contests are well-supported by the student body."

Bates stated that the intramural sports program of the university is a "decided success," with all scholastic fraternities taking part. ## Frosh Lose Class Game

### Soph-Junior Aggregation Defeat Rat Team by 11 Points

Last Saturday afternoon the combined Junior-Sophomore basketball squad handed the Freshmen cagers a 53 to 42 defeat to open the intra-mural schedule for the second semester.

With both teams scoring freely, the game was fast but marked with occasional fouling.

Johnny Hayes and Dan Hall led the offensive for the winners as they scored 21 and fourteen points respectively, while Bobby Williams of the "Rats," topped both teams as he chalked up 22 tallies by sinking nine field goals.

The Fresh hopped off to an early lead and were leading by a 12 to 8 count at the end of the initial canto, but from then on, after getting the lead, the upper-classmen were never threatened.

BATES AND MELVIN LEAD CAGE SCORERS

A check up of the high scores of the basketballers for the seven games played thus far shows that Chester Bates, sharp-shooting forward of the Trojans, leads with 74 points for six games in which he has played.

Jimmy Melvin, star defensive player, ranks second with 58 markers while "Bucky" Hawk and Mack Wing, with respective totals of 33 and 31 points, rate third and fourth in that order.

With twenty tallies, Doug Fenske is fifth and is followed by Captain Kelly Abbott with eleven.

# Concert Stars Give Opinions On Music Trend, Life Events

Tentoni, Baer and Crooks  
Reveal Interesting  
Facts

By Francis C. Hoare and  
Betty Hanson

To St. Petersburg last week came three of the foremost figures of the New York opera and concert stage on the occasion of the second annual presentation of the Florida Music Festival; Rosa Tentoni, soprano; Richard Crooks, tenor; and Frederic Baer, baritone.

Miss Tentoni, brunette, with dark flashing eyes, was born in Bush, Minn., of first generation Italian parents. Played the zither at the age of five and made her first performance singing Italian folk songs standing on a chair.

Spring is here and lots of young men's fancies are lightly turning . . .

Explaining: Those odd appearing messages on the bulletin board are semaphores signifying between Dick LaPlant and Thundri Tripp.

Question of the week? Who is "Butch?"

Stranger! That show that Wilma and Chet Bates went to the other day. No actors except the ducks and swans.

Dear Monell: Please tell us who Miss Cox is.

Dear Westwood: Preservance will win out. Keep trying.

Dear Portia:—Nuff said.

Dear Whittington: Please give the music department dope straight from now on.

Apologies: To Eileen and Dave. It's fifteen or twenty other guys that want to sing to Eileen and it's Jeanette that Dave would sing to.

Remarks: Norman Halsley: "Obscurity is my security. Publicity brings competition."

Nola Meek: "Isn't it against the law to take someone else's name?"

Horse Kicks: G.Woman Peggy's Johnny was home yesterday. (She said she had to go to the front seat of the V-8 phantom. . . No lass has succeeded in breaking down the iron will resistance of both Eileen Parker and Pilkington. . .)

Richard Crooks, tall, heavy set, with a tendency toward baldness, brought with him his daughter, Patsy, and young son, Dickie, at his home in the north. Traveling with him also is his accompanist, Frederic Baer.

Frederic Baer, tall, dark haired, took a course in conducting and became a Junior Certified Public Accountant. . .

Each agreed that the chance for success was to a great extent a gamble. "Don't go into music professionally," said Baer, "unless you feel what you may call an awful, awful urge, unless you are willing to starve for it, for you can never tell whether or not you will succeed, as you may have some characteristic that just won't let you click."

Many study singing who should be playing the piano or some other instrument. One needs stage presence and natural ability to succeed. Voice is a medium for grand opera, at least not at the present. . .

It is not necessary for the young singer to come to New York, although the finest teachers in the world are found there, due to political and economic situations in Europe, but there are many fine teachers in other large cities, Philadelphia.

Campus Catches

(Continued from page 1)  
of Shylock, has been assigned to Pearl Lewis, junior member of the Playmakers.

Frank Tichenor will play the part of Antonio, a merchant of Venice and suitor to Portia. Mr. Tichenor took the role of Le Beau in "As You Like It," and last year that of "Demetrius" in "A Midsummer Night's Dream," as well as the part of the Judge in "Ladies of the Jury."

The role of "Lancelot Goh-bo," delightful clown of the play, has been given to Dan Hall. Mr. Hall took the part of "Flute" in "The Taming of the Shrew," and "Ladies of the Jury."

"Clarence" and "Ladies of the Jury." "Old Gobbo," father to Lancelot, has been awarded to Dan Hall. Mr. Hall took the part of clerk in "Ladies of the Jury."

Phil Nunn, new member of the Playmakers Club, will portray the "Duke of Venice." This leaves ten remaining parts to be selected, most important being those of "Shylock" and "Antonio." . . .

Under the direction of Miss Harriette Ridley, the Music Department gave the chapel program Wednesday, March 11.

Apologies: To Eileen and Dave. It's fifteen or twenty other guys that want to sing to Eileen and it's Jeanette that Dave would sing to.

Remarks: Norman Halsley: "Obscurity is my security. Publicity brings competition."

Nola Meek: "Isn't it against the law to take someone else's name?"

Horse Kicks: G.Woman Peggy's Johnny was home yesterday. (She said she had to go to the front seat of the V-8 phantom. . . No lass has succeeded in breaking down the iron will resistance of both Eileen Parker and Pilkington. . .)

Brother Kinsey seeks new field to conquer; new field to conquer sister Janet. . .

Sister Gaudin is almost as good as dead. . .

Richard Crooks, tall, heavy set, with a tendency toward baldness, brought with him his daughter, Patsy, and young son, Dickie, at his home in the north. Traveling with him also is his accompanist, Frederic Baer.

Frederic Baer, tall, dark haired, took a course in conducting and became a Junior Certified Public Accountant. . .

Each agreed that the chance for success was to a great extent a gamble. "Don't go into music professionally," said Baer, "unless you feel what you may call an awful, awful urge, unless you are willing to starve for it, for you can never tell whether or not you will succeed, as you may have some characteristic that just won't let you click."

Many study singing who should be playing the piano or some other instrument. One needs stage presence and natural ability to succeed. Voice is a medium for grand opera, at least not at the present. . .

It is not necessary for the young singer to come to New York, although the finest teachers in the world are found there, due to political and economic situations in Europe, but there are many fine teachers in other large cities, Philadelphia.

# A Night at the Opera

OR  
An Innocent Usheress  
Learns of Life at  
a Music Festival

For those who did not attend the Florida Music Festival and for your amusement here are a few facts gleaned from three nights of ushering experiences.

The Tichenors and the male quartet arrived in evening regalia both frivouls and formal as the Junior College truly went "Operatic."

Wonder of wonders, Charles Molt was only heard to bellow once in the presence of the masses who thundered down upon him with their tickets and he was even saved and polite to the strange lady who gasped, "My husband has my ticket!"

"You know my husband, don't you?" Gently he replied in the negative.

Tom Parker smugly preserved his usherlike dignity to the lady who informed him that she had left her pass in her stockings, and went outside to retrieve it.

Alice Whitman's disappearance one evening, was puzzling until she was discovered by Dot and "Butch." . . .

Under the direction of Miss Harriette Ridley, the Music Department gave the chapel program Wednesday, March 11.

Solatre stepped inside the warm room, slammed the door after him, and tossed his hat on the sofa.

"Hawks!" he bawled, disengaging himself from his muffler and overcoat.

The butler's anxious face popped into view around the bathroom door with "Coming, sir!"

It was quarter to eleven; Solatre had abandoned his magazine shortly before and gone to his room. . .

"Hawks," he called, "have you seen my watch?"

"No, sir," replied the butler, appearing out of the semi-darkness of the corridor clad in pajamas and slippers. . .

"What's new, Hawk?" queried Solatre, warming his hands over the cherty blaze.

"Nothing, sir; everything's quite average sir," Hawks replied cheerfully. . .
