

TROJAN NATATORS CRUSH ROLLINS, 32-17

Well-Rounded Tank Program Presented for Spectators At Spa

On Saturday night, Nov. 26, the Junior College Trojans opened their 1932-33 athletic program in a blaze of glory as they defeated the Rollins college varsity 32-17 in a swimming meet held before a crowd of about one hundred people at the new Spa pool. The local natators showed great power as they won six of the eight events, tied one, and lost only the 50 yard free style as Bud Colman, star of the Rollins team, nipped Earl Cooper out by a narrow margin.

Herb Davis was the individual star of the meet, winning two first places and swimming an anchor man on the winning relay team. During the evening the spectators were entertained by popular songs played by Mrs. Irene Miller Brubaker's Spa pool orchestra. Frank Dulme, Dick Robertson, Joe Damsion, Meach Dulme, Buddy Rimes, Betty Huland, Holman Marks, Vernon Corrigan, Busby Clamplit, and George Enright presented several interesting novelty events including a bucket race, wheelchair-go-back race, candle race, rattle and water wing fight (which was stopped because Dick Robertson couldn't hold his life-saving event, and exhibition diving.

List of events follows:
50 yard free style: Colman, Rollins, first; Cooper, Trojans, second; time, 23.5 seconds.
100 yard breast stroke: Barry, Trojans, first; Eaton, Rollins, second; time, 1 min. 17 seconds.

COLLEGE RATES

By those attending the Association meeting, and from great progress which has already been made, he was led to believe that the Junior college will soon be a standard type of school all over the country, even to the extent of having senior colleges divided into Junior and upper colleges. Thus with the Junior college as a definite unit in the educational system the disadvantages which our institution suffers through professional opposition would be removed. The future looks bright for the Junior College.

INDIA'S CONDITION DUE TO RELIGIOUS PREJUDICES SAYS SAMUEL HIGGINBOTTOM IN TALK TO COLLEGE

Samuel Higginbottom, accomplished lecturer and student president of a large college in India, told an assembly of Junior College students last Friday that "religious belief and social customs are responsible for ninety per cent of India's poverty." Mr. Higginbottom spoke in a regular assembly and later at a special meeting of students called during the afternoon when he gave special attention to the political situation of India. "India," the speaker said, "has its feet on the rung of the ladder of national independence and complete self-government." He discussed the treaty between the Moslems and Hindus and pointed out its bearing on the negotiations between the natives of India and the representatives of the British government. Referring to the negotiations Higginbottom said, "No agreement is possible. Discussing religion in India the speaker said: "Purely political issues there are always, as it were, in a religious atmosphere—"

MISS WEST ATTENDS CHEMISTRY MEETING

Miss Frances West, local representative and member of the Florida section of the American Chemical Society, attended the 37th meeting of the society held at the Viny Park hotel last Friday, February 4. The meeting was featured by two talks: "Wm. H. Waggaman on the subject of 'Phosphoric Acid'" and "M. J. Myers on the subject of 'High blood pressure and the research has been doing in this field for seven years.'"

CHORUS ORGANIZATION OF JUNIOR COLLEGE

The Junior college is doing pioneer work in the field of choral reading. Last semester Miss Augusta Center of the Speech department organized a group of students interested in the oral interpretation of poetry into a verse speaking club. This is the first group of its kind in Florida, although interest in choral reading is rapidly spreading in the rest of America. The enthusiasm of those who heard the club's first presentation, given recently before the University Women's club, foretells a successful life for the movement here. Gullielma Daves has been elected president of the organization, and Virginia Mackahan historian. The other members are Helen Young, Marjorie Lewis, Ardis Campbell, Kathryn Crowell, Helen Smith, Virginia Wilkinson, Dorothy Cochran, Jessie Lampkin, Margaret Shepard, Jean Lee, Elsa Wasserman, Cornelia Garrick, and Marie Good.

COLLEGE OFFERS EXPOSITION CLASS

A course in advanced composition has been added to the curriculum of the college with the opening of the second semester. For several years sophomore students have tried to secure such a course but never a sufficient number to form a class. Mrs. Marguerite B. Holmes will teach the new class, which will parallel a course in expository writing given at the University of Florida. Next year it is hoped that a full term general course in composition can be given for students anxious to carry their composition work beyond the freshman year and enter journalism.
